# Safeguards

# JUHSD COVID Testing

- Surveillance COVID testing is **only covered for essential workers** - this will NOT include students unless they become medically necessary due to positive exposure.
- The cost with Curative would be \$40 per student, which could result in up to \$240,000 in expenses

# Student COVID Testing Alternative

- Ask that students volunteer to test at one of the Daly City / Colma, Brisbane, or Bayshore Curative Community sites every other week/twice a month.
- Bring Community Testing to Pacifica - Community Volunteers Needed

# Safety Guidelines

## JUHSD 2021 Athletic and Activities Guidelines

- Any plan to begin athletic conditioning requires an updated MOU
- Currently working with AFT on an updated plan

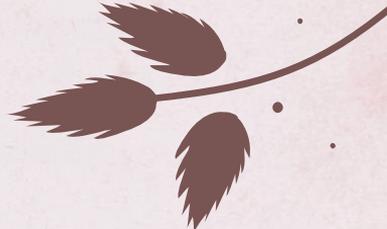

# Transportation

## Transportation

- Students ride with families when possible
- Work with Bus & Van drivers to identify and implement safeguards for transporting students and coaches
  - Windows will remain open
  - All riders will wear masks
  - Cohort teams can sit together at the back of the bus
  - Bubble teams will space apart on the bus and we will use as many buses as needed

## Additional Considerations & Recommendations

# Peninsula Athletic League (PAL) Football Schedule

**PAL presented all principals and athletic directors with Season plans on 1/21 and 2/1:**

- Not competitive
- SMUHSD was only playing its own schools

**PAL created a revised football schedule without notifying JUHSD**

- Traditionally scheduled times
- Mirrors the typical Bay Division Competition Schedule (highest competition level you can achieve as a team within the PAL)

# Proposed Timeline

# Recommendations

- Agree to PAL Season 2
- Allow conditioning for football
  - It is the only Season 1 sport where a traditional high level competition is scheduled
